WHAT WE OFFER

Lifesharing Program

Our Lifesharing Program was created to enrich the lives of individuals with disabilities, by matching a person in need with a participating family or individual. Lifesharing Providers open their home, sharing their love and friendship. Being welcomed into a family provides the individual in need a feeling of support, safety and belonging.

Personal needs and preferences are considered in making the matching process, on behalf of the individual and the provider. Lifesharing Providers comply with industry policy, procedures and regulation which allows for and creates a safe and healthy environment in which the individual in need has a feeling of belonging.

Providers also experience the benefits in the Lifesharing Program—the unique gifts and talents the individual brings to the home; a new friend and companion; and a stipend; all while making a positive difference in someone's life.

ABOUT US
